

# IERCD Request for Proposals - Goldspotted Oak Borer Tree Removals

## List of Removal Trees - Updated 4/13/2026

Trees to be removed are located on four different private properties. KML files for each property showing all tree locations and photos of select, representative trees are available for download at <https://www.iercd.org> under the Publications and Disclosures tab. Trees are labeled by tag number in the KML files and photos.
